Subject: Meyer Steel Drum preliminary draft permit
Date: Thursday, December 03, 2015 10:46:22 AM

We just finished a conference call with MSD on the preliminary draft CAAPP permit.
We are making some final edits to that permit. They will review it one more time next week.
You will be getting the preliminary draft for your review no later than December 10th.
We can discuss next week the plan forward to issuance of the permit and time for your review.
